

QUALITY POLICY

- ✓ In our business, the aim is to have satisfied customers.
- ✓ The products and actions of SEKAB shall be of such a character that the customers prefer SEKAB over its competitors.
- ✓ Customer focus is realized by being responsive to our customers' needs and expectations.

SEKAB shall:

- actively focus all quality activities on agreed targets, so that quality thinking becomes a natural part of the day-to-day activities.
- plan and control the business so that the right thing will be done from the beginning at every stage. This includes taking preventive measures to ensure that faults are not repeated.
- encourage and engage the staff so that quality is every employee's concern.
- develop and deepen its contact with suppliers so that they fully understand and satisfy the company's requirements so that SEKAB receive correct deliveries of raw materials, supplies and services.
- follow up quality activities by means of quality audits.
